EXHIBITION OF WATER MANAGEMENT EQUIPMENT AND TECHNOLOGY

INTERNATIONAL CONFERENCE ON WATER

WATER SECTOR - WASTEWATER MANAGEMENT AND ENVIRONMENTAL SUSTAINABILITY

WATER SECTOR - WASTEWATER MANAGEMENT AND ENVIRONMENTAL SUSTAINABILITY

The largest regional exhibition in the water sector will once again bring together more than 100 exhibitors and thousands of visitors at the Belgrade Fair!

The 17th Exhibition on Water/Water Forum will be held on December 2 - 4, 2026, in Hall 3 at the Belgrade Fair, organised by the Association for Water Technology and Sanitary Engineering and BelExpo Plus company.
A unique opportunity to learn about activities and projects in the water sector and to discover the latest developments in the field through a comprehensive three-day exhibition and forum program.

WATER FORUM 2026 will focus on the following key topics in the water sector:

- The Current Situation in Municipal Wastewater Treatment
- Sustainability and Protection of Water Resources and the Environment: Reservoirs, Rivers and Groundwater
- Financial Sustainability of Wastewater Treatment Plants and Sewerage Systems – Circular Economy Approaches
- Community of Practice of Wastewater Treatment Plant Operators and Professional Development of WWTP Employees
- Water Safety Plans: Drinking Water Production and Distribution
- Public Dialogue in the Water Sector

The Exhibition on Water/Water Forum will traditionally open with the Assembly meeting of the Waterworks and Sewerage Association of Serbia.

At this year's Water Forum, young water professionals will present their scientific and professional work for the fifth consecutive time. Through the Association for Water Technology and Sanitary Engineering, young professionals from Serbia are members of the International Water Association Young Water Professionals (IWA YWP) network.

We look forward to welcoming you to the Exhibition on Water/Water Forum 2026 in Belgrade!

BECAUSE...

The EXHIBITION ON WATER – the leading regional event in the water sector – offers an excellent opportunity to:

- meet leading international and domestic companies, manufacturers and experts in the water sector;
- establish new business contacts and strengthen existing partnerships and cooperation;
- explore innovative products, smart technologies, services and sustainable solutions

...Each year, more than **100 EXHIBITORS, SPONSORS AND PARTNERS** use this opportunity to present their activities, products and services, while strengthening cooperation and networking among stakeholders from the water sector, industry, science, technology and education.

...Featuring current and relevant topics, the **FORUM TOPICS** connect experts with different profiles and broader experience on new trends, research, and best practices, offering an exceptional opportunity for participants and visitors to exchange opinions and foster cooperation.

... **More than 500 EXPERTS** over the course of the three- day Forum, participate in **thematic sessions within the main program, as well as in technical and commercial presentations.**

... the third day of the FORUM is traditionally dedicated to the **conference of young experts - YWP IWA SERBIA**

Become part of the Exhibition on Water/Water Forum 2026, a leading regional platform connecting the Water sector!
